MADE IN ITALY

POTOCOCCO ITALY

Founded in 1919 by Domenico Potocco in Manzano (UD), as a small artisan workshop for the production of chairs, Potocco has evolved over the years into a large industrial reality, specialized in the production of home and contract furnishings, suitable for both indoor and outdoor environments.

A history of excellence that covers the entire 20th century, along a trail of growth which, from our participation to the first Salone del Mobile trade fair as a founding partner, has led Potocco to collaborate with important international design firms and achieve for itself an important role in the Made in Italy story of excellence.

Amini is a brand of ABC (Amini Brothers Company), a company established in 1962 by Sultan Amini. Its advanced and dynamic structure makes it a unique reality in the interior design business, where it is famed for its ability to design, execute and market all kinds of carpet: whether handcrafted or machined; whether contemporary or special limited editions by sophisticated artists; whether “bespoke” or “industrial.” An extraordinary product range, made possible by the efficiency of a tried and tested organization with manufacturing hubs located in several countries, from Nepal to India, from Afghanistan to Turkey and Morocco, where carpet weaving still represents an expression of local culture.
